

CENTRAL INTELLIGENCE AGENCY
INFORMATION REPORT

SUBJECT **Phänomenwerk Zittau**

SUPP. TO
REPORT NO. 25X1

THIS IS UNEVALUATED INFORMATION

1. Primary production of cranks shafts has been hampered by shortages of material. Only 22 air-cooled engines were manufactured in February 1954.
2. Twenty-six cars were built in February 1954 of which 18 were Granit 32 models which were turned over to the military Volkspolizei, to be used as light towing cars and for ammunition transport. Three 3.5 ton trucks were delivered to the Polish Army. A fire truck was build for the Soviet Union and was taken away by Soviet forces. It probably went to an airfield in the Soviet Zone.
3. Poland is shortly to build its own repair shops. Deliveries of spare parts to the Polish Army have been going on for many months.

This report is for the use within the USA of the Intelligence components of the Departments or Agencies indicated above. It is not to be transmitted overseas without the concurrence of the originating office through the Assistant Director of the Office of Collection and Dissemination, CIA. All or parts of the contents, however, may be used by the above organizations in Intelligence publications receiving overseas distribution providing the publication bears the caveat "US OFFICIALS ONLY" and the citation, if made, refers only to "CIA Source".
